## About Library

The Library is an integral part of college. The library has a crucial role in supporting higher education as well as research activities; it has assumed great importance & new dimension today in the context of the phenomenal growth of knowledge. The college has an independent wing for the library with carpet area and measuring about 1616.96 sq. feet. There is a separate reading room, a computer center with main library on the 2<sup>nd</sup> floor of the college. Library has a book issuing counter, stack for books and journal, a Reference section & a seating arrangement for 65 students. Library timings are 9.00 a.m. to 4.30 p.m. on all weekdays. Library is managed by **Mrs. Awate S.N. (M.Lib.)** A library committee has been formed to formulate rules for book policy, library budget, Rules & regulations for the usage of library.

Library has an open access system that follows the abridged English edition of "Dewey Decimal Classification." Library collection includes Pharmaceutics, Pharm.Chemistry, Pharmacology, Pharmacognosy, Pharmacy Management & related Subjects, Reference books like the IP, Martindale and Manuals etc. Library has a good collection of old Reference Books & Bound Volumes of Journals. At present the library has a collection of 7174 books, 10 national & 5 international Journals in fields of Pharmaceutics, Pharmacology, and Pharmaceutical Chemistry & Pharmacognosy.

On an average 55 students use the library every day. Besides circulation of books & periodicals the library staff is always ready to render reference services to readers. Recently the library and its resources have been computerized & on-line access to the library is available. Apart from Staff & students the library is also used by the staff.

The challenges & opportunities in higher education, interdisciplinary studies, complex information requirements, competitive environment in education, information explosion due to rapid advances in science & Technology; as well as changing dimensions of reference services due to introduction of Computer Technology, Networking, Multimedia, Online Services, Internet etc. resulted into complete change in the library setting from the traditional way to a fully automated learning resource center.

In spite of limited financial resources the college is trying to develop library that are on par with the international standards. It is an endeavor of the college management to keep the library well equipped to cater to the needs of staff & students.
